

Eton Wick C of E First School

Policy Document

SAFEGUARDING AND CHILD PROTECTION IN LINE WITH KEEPING CHILDREN SAFE IN EDUCATION 2020	
Category: Statutory	Approved by Headteacher: 
To be reviewed by: Headteacher/DSL	<i>Date: September 2020</i>
To be reviewed: Annually	Overviewed by FGB: D. Stacey
Next review due by: September 2021	<i>Date: October 2020</i>

Our ethos as a church of England School is captured in the vision of good seed growing in good soil. We endeavour to provide an environment in which we are all developing, learning and growing. Rooted in that vision, our policies have been developed.

Eton Wick C of E First School recognises its responsibility for safeguarding and child protection.

Overview

This document sets out the procedures in relation to Safeguarding and Child Protection. The content links with the new Multi Agency Safeguarding Arrangements (MASA) in RBWM <https://www.wamlsqb.org/about-the-lsrb/new-multi-agency-safeguarding-arrangements/>, which, in September 2019, replaced the model of the LSCB Local Safeguarding Children Safeguarding Board. It is compliant with 'Keeping Children Safe in Education' 2020 and the required statutory content.

Introduction

This policy has been developed in accordance with the principles established by the 'Children Act' 1989; and in line with the following:

- 'Keeping Children Safe in Education' 2019
- 'Working Together to Safeguard Children' 2018
- 'Framework for the Assessment of Children in Need and their Families' 2000
- 'What to do if you are worried a Child is being Abused' 2015
- The Children and Social Work Act 2017

The Governing Body (GB), takes seriously its responsibility under section 11 of the Children Act and duties under "working together" to safeguard and promote the welfare of children and to work together with other agencies to ensure adequate arrangements exist within the school to identify, and support those children who are suffering harm or are likely to suffer harm.

We recognise that all staff and governors have a full and active part to play in protecting our pupils from harm, and that the child's welfare is our paramount concern.

Our school will provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual child free from discrimination or bullying where children can learn and develop happily.

This policy applies to all staff, governors and volunteers working in our school and to pupils in our care.

This policy has been written in line with 'Keeping Children Safe in Education' 2020. All staff will sign to confirm they have read and understood Part I of this document.

Terminology

- **Safeguarding and promoting the welfare of children** refers to the process of protecting children from abuse or neglect, preventing the impairment of their health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective and nurturing care and undertaking that role to enable those children to have optimum life chances and to enter adulthood successfully;
- **Child protection** refers to the processes undertaken to meet statutory obligations laid out in the [Children Act 1989](#) and associated guidance (see [Working Together to Safeguard Children, An Interagency Guide to Safeguard and Promote the Welfare of Children](#)) in respect of those children who have been identified as suffering, or being at risk of suffering harm;
- **Staff** refers to all those working for or on behalf of the school, full time or part time. In this specific context, it applies to those in both a paid and voluntary capacity and those working at the school for a third party;
- **Child** refers to all young people who have not yet reached their 18th birthday;
- **Parent** refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents;

Aims

The aims of this policy are:

- To provide all staff with the necessary information to enable them to meet their statutory responsibilities to promote and safeguard the wellbeing of children;
- To ensure consistent good practice across the school;
- To demonstrate the school's commitment to safeguarding children.

The role of school staff

Our staff team are particularly important as they are able to identify concerns early, provide help for children, and prevent concerns from escalating.

- **All our** school staff have a responsibility to provide a safe environment in which children can learn;
- The school has a designated safeguarding lead and a Deputy Safeguarding lead who will provide support to our staff members to carry out their safeguarding duties and who will liaise closely with other services such as children's social care;
- All our staff will be equipped to identify children who may benefit from early help. Staff know in the first instance to discuss their concerns with the designated safeguarding lead, and understand they may be required to support other agencies and professionals in assessments for early help;
- The Teachers' Standards 2012 state that teachers, including Headteachers, should safeguard children's wellbeing and maintain public interest in the teaching professions as part of their professional duties.

What school staff need to know

All our staff members are aware of the systems within our school which support safeguarding, these are explained to them as part of their induction and include:

- This child protection and safeguarding policy;
 - Safer Recruitment policy
 - The role of the designated safeguarding lead;
 - 'Keeping Children Safe in Education' 2020, part 1 and Annex A
 - Schools Behaviour policy;
 - RBWM Whistleblowing policy;
 - Procedures for managing allegations about staff or volunteers;
 - What to do if they have a concern about a child.
-
- **All** staff members receive appropriate safeguarding and child protection training at induction and in addition, receive safeguarding and child protection updates, when required but at least annually, to provide them with relevant skills and knowledge to be able to safeguard the children in our setting effectively;
 - **All** staff are made aware of the early help process and understand their role in this. This includes staff being able to identify emerging problems, liaising with our designated safeguarding lead, sharing information with other professionals to support early identification and assessment and, in some cases, where appropriate, acting as the lead professional in undertaking any early help assessment;
 - **All** staff are aware of the process for making child protection referrals to social care and statutory assessments that may follow, under the Children Act 1989. They also understand the role that may have to play in such assessments;
 - **All** staff know what to do if a child tells them he/she is being abused or neglected. Staff understand how to maintain an appropriate level of confidentiality, whilst at the same time understand the requirement around sharing information appropriately with the designated safeguarding lead and other relevant professionals;
 - Staff will never promise a child that they will not tell anyone about the allegation/disclosure that the child has made, as this may ultimately not be in the best interests of the child.
 - **All** Staff know they should not use personal devices such as mobile phones or cameras to take photos or videos of pupils and will use school provided equipment for this purpose. Other specific events which involve photographs of pupils (i.e. press, external providers etc.) will only occur with the permission of the Headteacher and designated person. Staff are also aware through the 'Code of Conduct' that mobile phones should NOT be used in class or while on duty, e.g. play and lunchtimes. School policies for Early Years Foundation Stage reflect the statutory requirements¹ on the use of cameras and mobile phones.

What school staff should look out for

- **All** staff members are aware of the signs of abuse and neglect so they can identify children who may need help or protection (see part 2 of this policy for the definitions);
- Advice from the DfE, provides more information on understanding and identifying abuse and neglect, e.g. <https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused--2>;
- Where safeguarding is concerned Staff members at our school are advised to maintain an attitude at all times of **"it could happen here"**. When concerned about the welfare of a child, staff members should always act in the **best** interests of the child;
- Knowing what to look for is vital to the early identification of abuse and neglect. If staff members are unsure they should always speak to the designated safeguarding lead.

What school staff should do if they have concerns about a child

- If staff members have any **concerns** about a child (as opposed to a child being in immediate danger) they will need to decide what action to take. Where possible, there should be a conversation with the designated safeguarding lead to agree a course of action, although any staff member can make a referral to children's social care. Other options could include referral to specialist services or early help services and should be made in accordance with the new RBWM Multi Agency Safeguarding Arrangements (MASA)
www.wamlscb.org/about-the-lscb/new-multi-agency-safeguarding-arrangements/
- If anyone other than the designated safeguarding lead makes the referral they should inform the designated safeguarding lead, as soon as possible;
- If after a referral the child's situation does not appear to be improving the designated safeguarding lead (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves;
- If early help is appropriate the designated safeguarding lead should support the staff member in liaising with other agencies and setting up an inter-agency assessment as appropriate;
- If early help and or other support is appropriate the case should be kept under constant review and consideration given to a referral to children's social care if the child's situation doesn't appear to be improving;
- If a teacher, during their work in the profession, discovers that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18 the teacher must report this to the police.

What school staff should do if a child is in danger or at risk of harm

If, a child is in immediate danger or is at risk of harm a referral should be made to children's social care and/or the police immediately. Anyone can make a referral. Where referrals are not made by the designated safeguarding lead, they should be informed, as soon as possible, that a referral has been made.

What school should do if they have concerns about another staff member

If staff members have concerns about another staff member, then this must be referred to the Headteacher. Where there are concerns about the Headteacher this should be referred to the Chair of Governors.

What school staff should do if they have concerns about safeguarding practices within the school

- All our staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or college's safeguarding regime and that such concerns will be taken seriously by the senior leadership team;
- Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies are in place for such concerns to be raised with the school's senior leadership team;
- Where a staff member feels unable to raise an issue with the Headteacher or Chair of Governors or feels that their genuine concerns are not being addressed, they should approach the RBWM HR Team;
- The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.

Key personnel at our school:

The **Headteacher** and **designated safeguarding lead** for child protection in this school is:

Miss Karen Waller

Contact details:

kwaller@etonwickschool.org.uk

The **deputy Designated Safeguarding Leads** in this school are:

Miss Lucy Hawkins

Miss Gemma Todd

Miss Judy Parsons

Contact details:

lhawkins@etonwickschool.org.uk

gtodd@etonwickschool.org.uk

jparsons@etonwickschool.org.uk

The **nominated child protection governor** for this school is:

Mr Gordon Ferguson

Contact details:

g.ferguson@etonwickschool.org.uk

Roles and responsibilities

All schools must nominate a senior member of staff to coordinate child protection arrangements and this person is named in this policy guidance. The school ensures that the designated safeguarding lead or a deputy will be on site at all times that the school is functioning.

The Governing Body

The Governing Body of Eton Wick CE First School undertake to regularly review safeguarding related policies and procedures that operate in the school.

The Governing Body have a crucial role in monitoring and challenging staff on the effectiveness of safeguarding arrangements.

The Governing Body will ensure that:

- All members of the governing body understand and fulfil their responsibilities;
- There is a designated safeguarding lead for safeguarding and child protection who is a member of the senior leadership team and who has undertaken the DSL training;
- The school has in place a child protection policy with a staff behaviour (code of conduct), and procedures that are consistent with the Multi Agency Safeguarding Arrangements 2019, reviewed annually and made available to parents on request;
- Procedures exist for dealing with allegations of abuse made against members of staff including allegations made against the Headteacher;

- Safer recruitment procedures are followed that include the requirement for appropriate checks in line with national guidance;
- A training strategy is agreed by governors that ensures all staff, including the Headteacher, receive child protection training, with refresher training at three-yearly intervals. The designated safeguarding lead should receive refresher training at two-yearly intervals;
- Regular update sessions for staff regarding safeguarding are provided so that staff are kept up to date with any changes and to ensure that safeguarding remains a priority at the school;
- Arrangements are in place to ensure that all temporary staff and volunteers are made aware of the school's arrangements for child protection;
- They nominate a member (normally the chair) to be responsible for liaising with the local authority and other agencies in the event of an allegation being made against the Headteacher. An annual report will be submitted to both the local authority about how the Governing Body's duties have been carried out. Any weaknesses or areas of concern will be rectified without delay.
- The school operates a safer recruitment procedure that includes:
 - statutory checks on staff suitability to work with children and the disqualification by association regulations;
 - seeking at least two references with checks being made to verify the identity of the person completing these;
 - ensuring safeguarding messages are contained in recruitment materials and adverts;
 - all recruitment interviews contain questions or scenarios of a safeguarding nature;
 - ensuring that there is at least one person on every recruitment panel who has completed Safer Recruitment training.
 - ensuring that at least one member of the governing body has completed safer recruitment training to be repeated every five years.
- Children are taught about safeguarding (including online safety) as part of a broad and balanced curriculum covering relevant issues through personal, social, health and economic education (PSHE) and through relationship and sex education (RSE); Through circle time and assemblies, children are taught about safeguarding through an awareness of key safeguarding messages and planned visits from national and local safeguarding bodies (i.e. NSPCC). ChildLine posters are exhibited throughout the school and the children are aware of its service.
- Appropriate safeguarding responses are in place for children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect including sexual abuse or exploitation and to help prevent the risks of their going missing in future;
- Appropriate online filtering and monitoring systems are in place;
- Enhanced DBS checks are in place for all staff and governors, and a system is in place for updating these;
- Any weaknesses in Child Protection are remedied immediately.

The Headteacher will:

- Ensure that the safeguarding and child protection policy and procedures are implemented and followed by all staff;
- Allocate sufficient time and resources to enable the designated safeguarding lead and deputy to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings;

- Ensure that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with RBWM's whistleblowing procedures;
- Ensure that children's safety and welfare is addressed through the curriculum.

The school has ensured that the designated safeguarding lead:

- Is appropriately trained and records are kept showing this is updated every 2 years;
- Acts as a source of support and expertise to the school community;
- Understands the RBWM Multi Agency Safeguarding Arrangements and procedures;
- Keeps written records of all concerns when noted and reported by staff or when disclosed by a child, ensuring that such records are stored securely and reported onward in accordance with this policy guidance, but kept separately from the child's general file;
- Refers cases of suspected neglect and/or abuse to children's social care or police in accordance with this guidance and local procedure;
- Notifies children's social care if a child with a child protection plan is absent for more than two days without explanation;
- Ensures that when a child with a child protection plan leaves the school, their information is passed to their new school and the child's social worker is informed;
- Attends and/or contributes to child protection conferences in accordance with local procedure and guidance;
- Coordinates the school's contribution to child protection plans;
- Develops effective links with relevant statutory and voluntary agencies;
- Ensures that all staff sign to indicate that they have read and understood this policy;
- Ensures that the school's child protection policy is updated annually;
- Liaises with the nominated governor and Headteacher (where the role is not carried out by the Headteacher) as appropriate;
- Keeps a record of staff attendance at child protection training;
- Provides an annual safeguarding report to governors which is sent to the LADO/Safeguarding team and to the RBWM HR team no later than the December of the academic year, following the academic year to which the report applies;
- Makes this policy available to parents.

Deputy designated safeguarding lead

The role-holder will be appropriately trained and, in the absence of the designated safeguarding lead, carries out those functions necessary to ensure the ongoing safety and protection of children. In the event of the long-term absence of the designated person, the deputy will assume all the functions above.

All staff will:

Follow the Local Authority guidance in all cases of abuse, or suspected abuse. These can be found at http://www.proceduresonline.com/berks/windsor_maidenhead/p_report_concerns.html).

We will therefore:

- Implement and follow part 1 of this guidance;
- Understand that our responsibility to safeguard children requires that we all appropriately share any concerns that we may have about children;
- Support the child's development in ways that will foster security, confidence and resilience;
- Provide an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties;
- Provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we contribute to assessments of need and support plans for those children where appropriate;
- Ensure that detailed and accurate written records of concerns about a child are kept even if there is no need to make an immediate referral. Guidance on record keeping can be found at:
 - http://www.proceduresonline.com/berks/windsor_maidenhead/contents.html

Supporting Children

We recognise that a child who is abused, who witnesses violence or who lives in a violent environment may feel helpless and humiliated, may blame him/herself, and find it difficult to develop and maintain a sense of self-worth. We also accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

Our school will support all children and young people by:

- Encouraging the development of self-esteem and resilience in every aspect of life;
- Promoting a caring, safe and positive environment;
- Liaising and working together with all other support services and those agencies involved in the safeguarding of children;
- Notifying Social Care as soon as there is a significant concern;
- Notifying Social Care when a child/young person attending the centre is privately fostered;
- Providing continuing support to a pupil (about whom there have been concerns) who leaves the school by ensuring that such concerns and school medical records are forwarded under confidential cover to the designated safeguarding lead at the pupil's new school immediately.

Confidentiality

We recognise that all matters relating to child protection are confidential and the designated safeguarding lead will disclose personal information about a child or young person to other members of staff on a need to know basis only.

However, all staff must be aware that they have a professional responsibility to share information with other agencies to safeguard children and all staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another.

We will always undertake to share our intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the

Schools Safeguarding Team or Social Care on this point. We will take no names consultations with our local Assessment Teams / MASH team to discuss concerns we may have, but we understand that if they then ask for a name we will disclose those details and it will become a referral.

Supporting Staff

- We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting;
- We will support such staff by providing an opportunity to talk through their anxieties with the Designated Safeguarding Lead and to seek further support. This could be provided by another trusted colleague, Occupational Health, and/or a representative of a professional body or trade union, as appropriate;
- We recognise that our Designated Person(s) should have access to support and appropriate workshops, courses or meetings as organised by the LA.

Allegations against staff

- All staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults;
- We understand that a child or young person may make an allegation against a member of staff. If such an allegation is made, the member of staff receiving the allegation will immediately inform the Headteacher or the most senior member of staff available;
- The manager on all such occasions will discuss the content of the allegation with the Designated Officer for the Local Authority (LADO), **before taking any action.**
- **If the allegation** made to a member of staff **concerns the Headteacher** themselves, the person receiving the allegation will immediately **inform the Chair of Governors** who will consult with the LADO, **without notifying the manager first;**

LADO - (01628 683 202)

Email: Childprotection-LADO@rbwm.gcsx.gov.uk

Senior Quality Assurance Manager, Quality Assurance Team, RBWM Town Hall, St Ives Road, Maidenhead, SL6 1RF.

Multi Agency Safeguarding and Early Help Hub (MASH), Achieving for Children, (providing children's services for the Royal Borough of Windsor and Maidenhead)
Telephone 01628 683150

Monday to Thursday 8.45am-5.15pm and Friday 8.45 am-4.45 pm

Emergency Duty Service (any time outside the hours above)
Tel: 01344 786543

- The school will follow the procedures for managing allegations against staff, as outlined in 'Keeping Children Safe in Education' 2020;
- Suspension of the member of staff against whom an allegation has been made needs careful consideration, and we will consult with the LADO and RBWM HR Manager in such circumstances;
- Our lettings agreement for other users requires that the organiser will follow LA procedures for managing allegations against staff and, where necessary, the suspension of adults from premises.

- See flowchart appendix B.

Whistleblowing

- We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so;
- All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues and appropriate advice will be sought from the LADO or Safeguarding Team where necessary.
- The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. (0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday; Email: help@nspcc.org.uk)
- Full details are provided in our whistleblowing policy.

Physical Intervention/Positive Handling

- Our policy on physical intervention/positive handling by staff is set out separately, as part of our Behaviour Policy. It complies with LA Guidance and DfE guidance on 'The Use of Force to Control or Restrain Pupils' 2013² (reviewed July 2015);
- Such events should be recorded and signed by a witness;
- We recommend that staff who are likely to need to use physical intervention should be appropriately trained;
- We understand that physical intervention of a nature which is both unreasonable and disproportionate to the circumstances and or causes injury or distress to a child may be considered under child protection or disciplinary procedures;
- Full details are in our Behaviour policy.

Anti-Bullying

- Our policy on the prevention and management of bullying is set out in a separate policy and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. Bullying is a safeguarding matter that if left unresolved can become a child protection matter. Our school will take seriously any bullying concerns and both investigate and act to protect pupils where appropriate;
- We will liaise with the anti-bullying co-ordinator/officer where appropriate
http://www.proceduresonline.com/berks/windsor_maidenhead/p_bullying.html
- Full details are in our anti-bullying policy.

Health & Safety

- Our Health & Safety policy, reflects the consideration we give to the protection of our children both physically within the school environment and, for example, in relation to internet use, and when away from the school when undertaking school trips and visits;
- Full details are in our health and safety policy.

Children with Special Educational Needs

At our school, we recognise that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. This policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children. This can include:

² https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/444051/Use_of_reasonable_force_advice_Reviewed_July_2015.pdf

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs;
- Communication barriers and difficulties in overcoming these barriers.

Types of abuse and neglect

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

- **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children;
- **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child;
- **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone;
- **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children;
- **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Specific safeguarding issues

- **All staff have an awareness of safeguarding issues-** some of which are listed below. Staff are made aware that behaviours linked to the likes of drug taking, alcohol abuse, truanting and sexting put children in danger;

- All staff are made aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting. Staff are made clear of our policy and procedures with regards to peer on peer abuse;
 - bullying including cyberbullying <http://schools.oxfordshire.gov.uk/cms/content/anti-bullying>

Appendix A contains important additional information about specific forms of abuse and safeguarding issues.

Online safety

At our school, our pupils increasingly work online and we recognise that it is crucial to safeguard our pupils from potentially harmful and inappropriate online material. As such we ensure appropriate filters and appropriate monitoring systems are in place.

We have clear policies and guidance in place to protect pupils in school and to provide guidance and support so they learn about risks and how to keep themselves safe online. We share with parents/carers our policy on the school's website and provide parent information to support this aspect in the pupil's home.

All our pupils and users of the school's network will sign an 'acceptable use' statement and the staff code of conduct has specific guidance about social networking and contact, online, with pupils.

Opportunities to teach safeguarding

In our school, we ensure our pupils are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through personal, social, health and economic education (PSHE) and through sex and relationship education (SRE).

Allegations of abuse made against other children (peer on peer abuse)

Our staff recognise that children are capable of abusing their peers. In a situation where child abuse is alleged to have been carried out by another child, our child protection procedures should be adhered to for both the victim and the alleged abuser; this means it should be considered as a child care and protection issue for both children.

Peer on peer abuse can take many forms, and gender issues can be prevalent when dealing with this type of abuse this could for example include girls being sexually touched/assaulted or boys being subject to initiation/hazing type violence.

In most instances, the conduct of pupils towards each other will be covered by our behaviour policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns and we recognise that these include:

- Domestic abuse – an incident or pattern of actual or threatened acts of physical, sexual, financial and/or emotional abuse, perpetrated by an adolescent against a current or former dating partner regardless of gender or sexuality;
- Child Sexual Exploitation – children under the age of 18 may be sexually abused in the context of exploitative relationships, contexts and situations by peers who are also under 18;
- Harmful Sexual Behaviour – Children and young people presenting with sexual behaviours that are outside of developmentally 'normative' parameters and harmful to themselves and others;

- Serious Youth Violence – Any offence of most serious violence or weapon enabled crime, where the victim is aged 1-19' i.e. murder, manslaughter, rape, wounding with intent and causing grievous bodily harm. 'Youth violence' is defined in the same way, but also includes assault with injury offences.

We aim to reduce the likelihood of peer on peer abuse through:

- the established ethos of respect, friendship and kindness;
- high expectations of behaviour;
- clear consequences for unacceptable behaviour;
- providing a developmentally appropriate PSHE curriculum which develops pupils' understanding of healthy relationships, acceptable behaviour, consent and keeping themselves safe;
- systems for any pupil to raise concerns with staff, knowing that they will be listened to, valued and believed;
- robust risk assessments and providing targeted work for pupils identified as being a potential risk to other pupils and those identified as being at risk.

Pupils will be taught how to support their friends if they are concerned about them, that they should talk to a trusted adult in the school and what services they can contact for further advice.

Any concerns, disclosures or allegations of peer on peer abuse in any form should be referred to the DSL using the school's child protection procedures as set out in this policy. Where a concern regarding peer on peer abuse has been disclosed to the DSL, advice and guidance will be sought from Children's Social Care and where it is clear a crime has been committed or there is a risk of crime being committed, the Police will be contacted.

Working with external agencies the school will respond to unacceptable behaviour. If a pupil's behaviour negatively impacts on the safety and welfare of other pupils, then safeguards will be put in place to promote the well-being of the pupils affected and the victim and perpetrator will be provided with support.

Full details are in our Procedures for dealing with Allegations of Abuse against Staff and Volunteers.

Dealing with Disclosures

If a pupil asks to speak to you about a problem, do not promise confidentiality but explain that it may be necessary to consult a colleague.

Receive

- Always stop and listen straight away to someone who wants to tell you about incidents or suspicions of abuse.
- Listen quietly and actively, giving your undivided attention.
- Allow silences when needed.
- Do not show shock or disbelieve but take what is said seriously.

Reassure

- Stay calm, no judgements, empathise.
- **Never make a promise that you can keep what a child has said a secret.**
- Give reassurance that only those who need to know will be told.
- Reassure the young person that they were right to tell you.

React

- React to the pupil only as far as is necessary for you to establish whether you need to refer this matter, but don't interrogate for full details.
- Don't ask leading questions – keep the open questions e.g. 'is there anything else you want to say?'

- Ask questions only to seek clarity if required; **TED** is a useful tool to use to ensure questions remain open

T

Tell me...

E

Explain about

D

Describe when, where

- Do not criticise the perpetrator; the pupil may have affection for him/her.
- Explain what you will do next – inform designated safeguarding lead, keep in contact.

Record

- If possible, make brief notes about what they are telling you at the time.
- Keep these notes, however rough they are.
- If you are unable to make notes at the time write down what was said as soon as you can.
- Note the **time, date and place** along with what **actions or behaviours, statements or conversations heard** which have given rise to the concerns. All reports should be **signed with times and dates** noted of when reports are given to the DSL.
- Try to record what was said by the pupil rather than your interpretation of what they are telling you. For example, if a child has called a body part by an unfamiliar name, this should be written phonetically. Make a note of any accompanying non-verbal behaviour and how the information was imparted recreating the 'voice of the child' on the page
- Record the date, time, place and any noticeable nonverbal behaviour.
- Be mindful of the time the allegation is received. Whilst the child is at school they are safe but assessment may be needed involving other agencies to ascertain whether it is safe for the child to return home. So, a verbal report to the DSL should be made rather than delay this for a written report.
- In the event of peer on peer abuse, staff should be mindful of the language they use when reporting the events. Avoid terms such as "perpetrator" and "victim" as both children may be vulnerable and to require support. Rather use pupil 1 and pupil 2.
- If records are kept electronically the security of these needs to be reviewed regularly. Child protection records should not be kept in a child's general school file. They should be kept separately in a locked cabinet. (see appendix D)

Report

- Report the incident to the designated safeguarding lead and do not tell any other adults or pupils what you have been told.

Any allegation / disclosure regarding a member of staff MUST be referred immediately to the Headteacher who will consult with the LADO before taking action.

Any allegation / disclosure regarding the Headteacher MUST be referred immediately to the Chair of Governors who will consult with the LADO and notify the RBWM HR Manager without notifying the Headteacher.

Never attempt to carry out an investigation of suspected abuse by interviewing the young person or any others involved. This is a highly skilled role and any attempts by yourself could affect possible criminal proceedings.

Record Keeping

The designated safeguarding lead is responsible for ensuring that the necessary paperwork is completed and sent to the relevant people and stored in a safe and confidential place. This means that the records will be a coherent factual record of the concerns that are stored on individual children in a clear chronological order.

Appendix A

A. Child Sexual Exploitation (CSE)

Sexual exploitation is a form of sexual abuse in which young people are exploited, coerced and/or manipulated into engaging in some form of sexual activity in return for something they need or desire and/or for the gain of a third party. The “something” received by the child or young person can include both tangible items such as food, somewhere to stay, drugs, alcohol, cigarettes or money and more intangible “rewards” such as perceived affection, protection or a sense of value of belonging. Fear of what might happen if they do not comply can also be a significant influencing factor.

Sexual exploitation can manifest itself in many different forms, including grooming, abuse by an individual who has established a “seemingly consensual” relationship with a child or young person, informal “introductions” to other (potential) abusers and the formal prostitution of a child. Children and young people can also find themselves exploited through the production and distribution of sexual images or through exposure to such images. Common to all these scenarios is an imbalance of power in favour of the abuser and some degree of coercion, intimidation, exploitation, violence and/or enticement of the child or young person.

The exploitation of children and young people under 18 involves exploitative situations, contexts and relationships where young people, (or a third person or persons) receive something, (e.g. food, accommodation, drugs, alcohol, cigarettes, affections, gifts, money) as a result of them performing and/or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child’s immediate recognition; for example, being persuaded to post sexual images on the internet/mobile phones without immediate payment or gain. In all cases those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidations are common, involvement in exploitative relationships being characterised in the main by the child’s or young person’s limited availability of choice, resulting from their social/economic and/or emotional vulnerability. (DCSF 2009).

Key Facts about CSE

- Sexual exploitation often starts around the age of 10 years old. Girls are usually targeted from age 10 and boys from age 8;
- It affects both girls and boys and can happen in all communities;
- Any person can be targeted but there are some particularly vulnerable groups: Looked after Children, Children Leaving Care and Children with Disabilities;
- Victims of CSE may also be trafficked (locally, nationally and internationally);
- Over 70% of adults involved in prostitution were sexually exploited as children or teenagers.

Sexual violence or abuse against children represents a major public health and social welfare problem within UK society, affecting 16% of children under 16. That is approximately 2 million children.

Good practice – Individuals

- Recognise the symptoms and distinguish them from other forms of abuse;
- Treat the child/young person as a victim of abuse;
- Understand the perspective / behaviour of the child/young person and be patient with them;
- Help the child/young person to recognise that they are being exploited;
- Collate as much information as possible;
- Share information with other agencies and seek advice / refer to Social Care.

Good practice – Organisations

- Ensure robust safeguarding policies and procedures are in place which cover CSE;
- Promote and engage in effective multi-agency working to prevent abuse;
- Work to help victims move out of exploitation;
- Cooperate to enable successful investigations and prosecutions of perpetrators.

B. Child Drug Exploitation

The supply of class A drugs, from urban hubs to county towns, continues to be a widespread feature of gang-related activity and a key driver for their criminality. These gangs pose a significant threat to vulnerable adults and specifically to children who are increasingly relied on in the conduct of this criminality. Violence, kidnapping, the use of weapons and control through ruthless debt manipulation are frequent methods of controlling the adults and, as a result, the children involved.

Children in urban centres are frequently recruited to courier drugs and money. They are used as they are an inexpensive resource and easily controlled. Over 80% of areas with drugs issues saw the exploitation of children aged 11 -18 years by gangs. In almost all areas children are groomed with gifts and promises of money. Children from disadvantaged backgrounds are amongst those most vulnerable to gangs and White British children are seen as less likely to be targeted by law enforcement.

A recent report highlights:

- young adult female mothers with compliant young children where gangs enter relationships to utilise the controlling effect of threats of violence or actual physical harm on children
- the importance of mobile phones in controlling and managing the supply of drugs
- the risks of young children being increasingly exposed to drug dealing
- the use of sexual exploitation to enforce possession and storage of drugs
- accessibility of girls through drug related gangs to sexual exploitation with associated risks for young people.

C. Human Trafficking/Modern Human Slavery

Modern slavery is a term that covers:

1. human trafficking
2. slavery, servitude and forced or compulsory labour

1. A sometimes-overlooked avenue of child protection is that of human trafficking³ which can be used where a child or young person (including those aged 18 or over) has been trafficked for the purpose of sexual exploitation. Under this legislation, it is an offence to arrange or facilitate the travel of another person with a view to their being exploited, whether or not the victim consents to the travel. This covers entering, departing or travelling within any country or when a child is moved from one city to another within the UK. The offence covers recruiting, transporting, transferring, harbouring, receiving or exchanging control of that person.
2. The United Nations defines human trafficking as the recruitment, transportation, transfer, harbouring, or receipt of persons by improper means (such as force, abduction, fraud, or coercion) for an improper purpose including slavery, servitude and forced or compulsory labour, or sexual exploitation. It takes on many forms today:
 - Domestic Servitude - Employees working in private homes are forced or coerced into serving and/or fraudulently convinced that they have no option to leave.
 - Forced Labour - Human beings are forced to work under the threat of violence and for no pay. These slaves are treated as property and exploited to create a product for commercial sale.
 - Child Labour and enslavement — whether forced labour, domestic servitude, bonded labour or sex trafficking — of a child.
 - Sex Trafficking - Women, men or children that are forced into the commercial sex industry and held against their will by force, fraud or coercion.
 - Bonded Labour - Individuals that are compelled to work to repay a debt and unable to leave until the debt is repaid. It is the most common form of enslavement in the world.
 - Forced Marriage - Women and children who are forced to marry another person without their consent or against their will (see E). This is frequently under age and is linked to children missing from education)

³ To simplify and condense human trafficking offences, The Modern Slavery Act 2015 introduced one offence of human trafficking covering sexual and non-sexual exploitation. Trafficking Offences contained in the Sexual Offences Act 2003 and The Protection of Freedoms Act 2012 have now been repealed and replaced by the offence of Human Trafficking

The National Referral Mechanism (NRM) is a framework for identifying and referring potential victims of modern slavery and ensuring they receive the appropriate support.

D. Female Genital Mutilation FGM

FGM is child abuse and a form of violence against women and girls, and therefore should be dealt with as part of existing child safeguarding/protection structures, policies and procedures.

FGM is illegal in the UK. In England, Wales and Northern Ireland, the practice is illegal under the Female Genital Mutilation Act 2003.

Other than in the excepted circumstances, it is an offence for **any person (regardless of their nationality or residence status)** to:

- perform FGM in England, Wales or Northern Ireland (section 1 of the Act);
- assist a girl to carry out FGM on herself in England, Wales or Northern Ireland (section 2 of the Act); and
- Assist (from England, Wales or Northern Ireland) a non-UK person to carry out FGM outside the UK on a **UK national or permanent UK resident** (section 3 of the Act).

If a teacher, during their work in the profession, discovers that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18 the teacher must report this to the police.

E. Forced Marriage (FM)

FM is now a specific offence under s121 of the Anti-Social Behaviour, Crime and Policing Act 2014 that came into force on 16 June 2014.

A FM is a marriage conducted without the valid consent of one or both parties, and where duress is a factor. Forced marriage is when someone faces physical pressure to marry (e.g. threats, physical violence or sexual violence) or emotional and psychological pressure (e.g. if someone is made to feel like they're bringing shame on their family). This is very different to an arranged marriage where both parties give consent.

FM is illegal in England and Wales. This includes:

- taking someone overseas to force them to marry (whether or not the forced marriage takes place);
- marrying someone who lacks the mental capacity to consent to the marriage (whether they're pressured to or not).

F. Prevent

The Counter Terrorism & Security Act 2015.

The Act places a Prevent duty on specified schools to have "due regard to the need to prevent people from being drawn into terrorism". The education and childcare specified authorities in Schedule 6 to the Act are as follows:

- The proprietors of maintained schools, non-maintained special schools, maintained nursery schools, independent schools (including academies and free schools) and alternative provision academies, PRUs, registered early years' providers, registered late years providers and some holiday schemes.

We are clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

Schools subject to the Prevent Duty will be expected to demonstrate activity in the following areas:

- Assessing the risk of children being drawn into terrorism;

- Demonstrate that they are protecting children and young people from being drawn into terrorism by having robust safeguarding policies;
- Ensure that their safeguarding arrangements take into account the policies and procedures of the Local Safeguarding Children Board;
- Make sure that staff have training that gives them the knowledge and confidence to identify children at risk of being drawn into terrorism, and to challenge extremist ideas which can be used to legitimise terrorism;
- Expected to ensure children are safe from terrorist and extremist material when accessing the internet in school.

School staff receive training to help identify early signs of radicalisation and extremism.

Opportunities are provided in the curriculum to enable pupils to discuss issues of religion, ethnicity and culture and the school follows the DfE advice Promoting Fundamental British Values as part of SMSC (spiritual, moral, social and cultural education) in Schools (2014).

The school governors, the Head Teacher and the Designated Safeguarding Leads (DSLs) will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include the use of school premises by external agencies, anti-bullying policy and other issues specific to the school's profile, community and philosophy.

When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL. They should then follow normal safeguarding procedures. If the matter is urgent then the Police must be contacted. The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around PREVENT (020 7340 7264).

G. Youth produced sexual imagery - Sexting

Sharing photos and videos online is part of daily life for many people, enabling them to share their experiences, connect with friends and record their lives. This increase in the speed and ease of sharing imagery has brought concerns about young people producing and sharing sexual imagery of themselves. This can expose them to risks, particularly if the imagery is shared further, including embarrassment, bullying and increased vulnerability to sexual exploitation.

Youth produced sexual imagery refers to both images and videos where:

- A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.

All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance 'Sexting in schools and colleges: responding to incidents and safeguarding young people'⁴.

Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and should be responded to accordingly. Producing and sharing sexual images of under 18s is illegal.

The response to these incidents will be guided by the primary concern **at all times** of the welfare and protection of the young people involved. However, when an incident involving children or young people produced sexual imagery comes to a school or Academy's attention:

- The incident should be referred to the Designated Safeguarding Lead as soon as possible;

⁴ https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/609874/6_2939_SP_NCA_Sexting_In_Schools_FINAL_Update_Jan17.pdf

- The Designated Safeguarding Lead should hold an initial review meeting with appropriate school staff;
- The Designated Safeguarding Lead should take advice from the Local Authority Designated Officer
- There may be subsequent interviews with the young people involved (if appropriate);
- Parents may be informed at an early stage and involved in the process unless there is good reason to believe that involving parents would put the young person at risk of harm;

Immediate referral at the initial review stage should be made to Children's Social Care/Police if:

- The incident involves an adult;
- There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs);
- What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent;
- The imagery involves sexual acts;
- The imagery involves anyone aged 12 or under.

At any point in the process if there is a concern a young person has been harmed or is at risk of harm a referral should be made to children's social care and/or the police immediately.

H. Children Missing Education

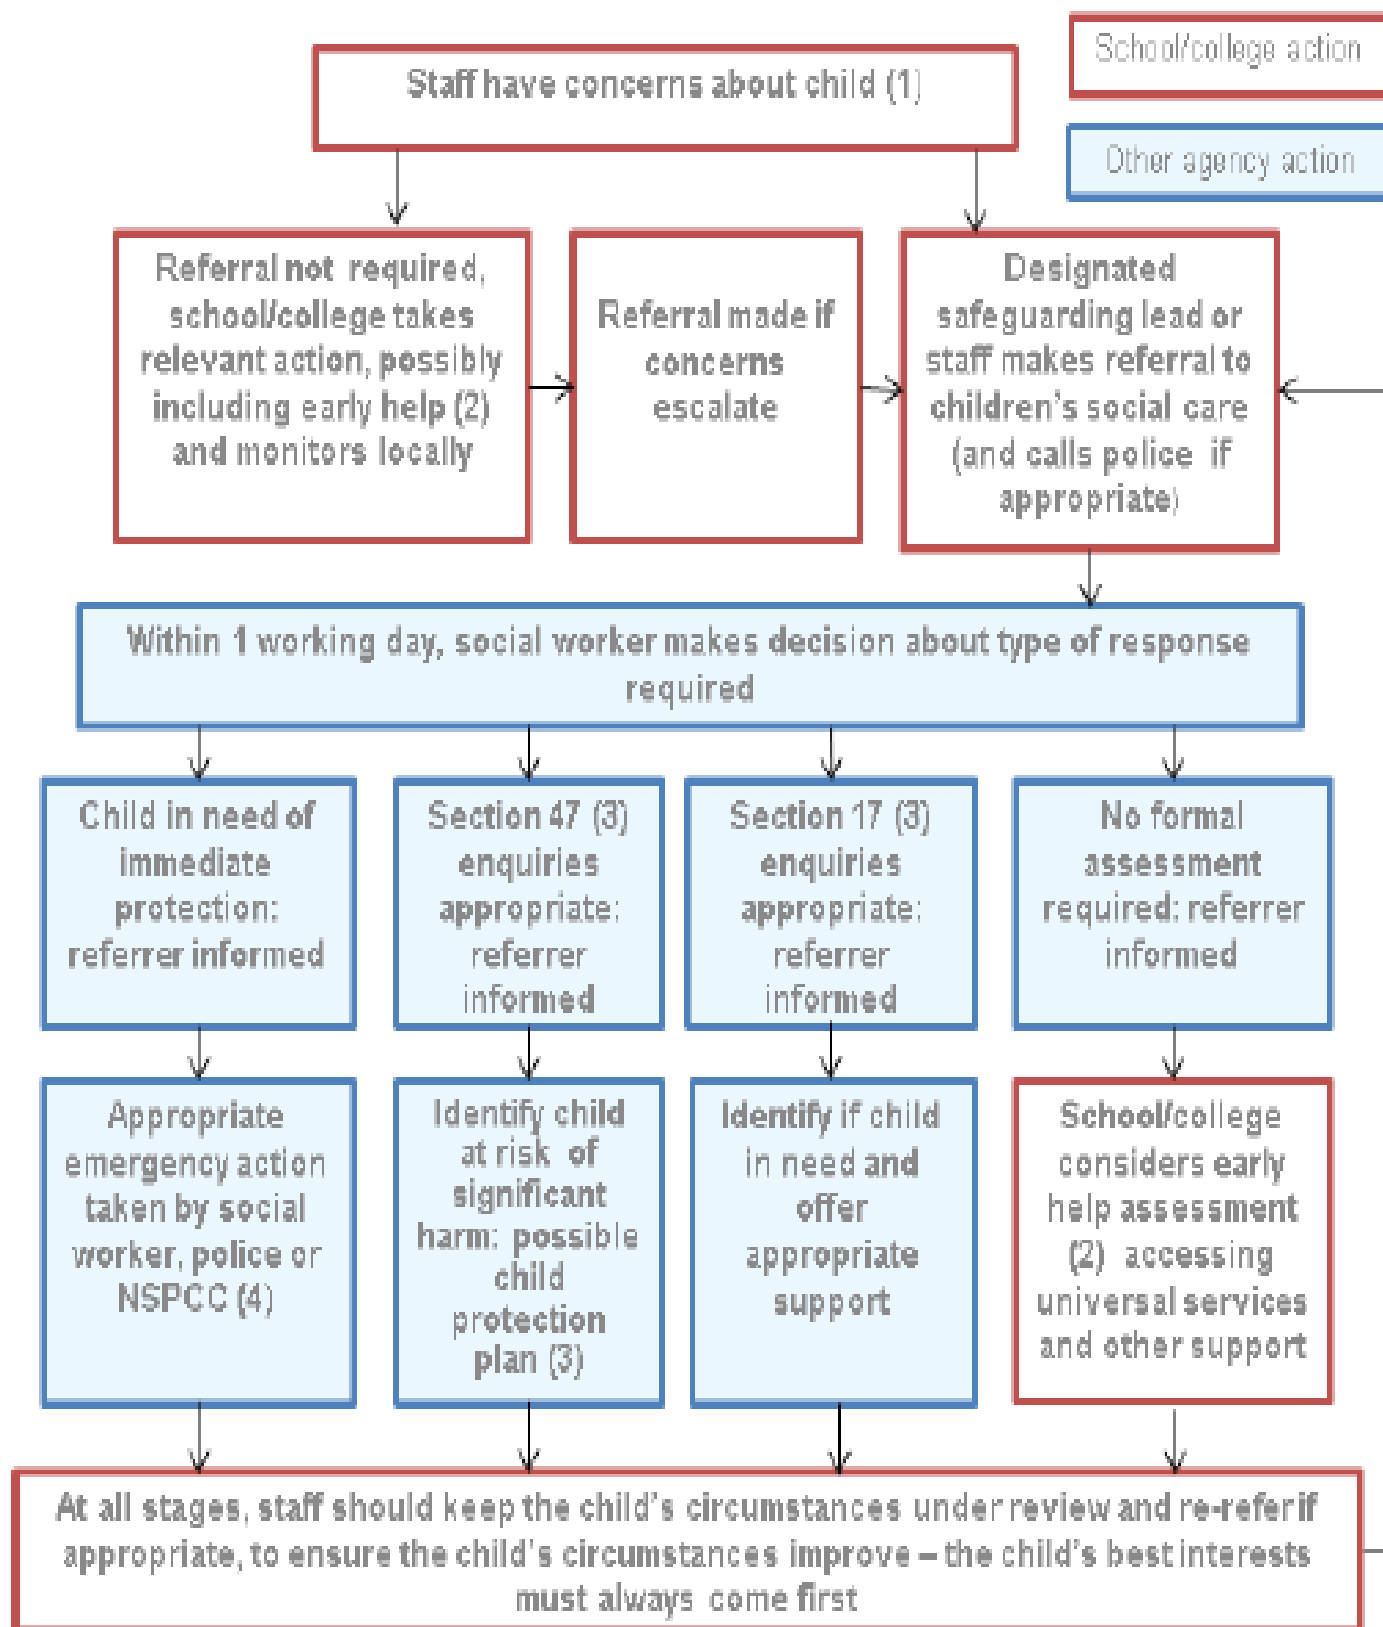

Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of: underachieving, being victims of harm, abuse and neglect, including sexual abuse and sexual exploitation, and radicalisation, or becoming NEET (not in education, employment or training) later in life.

Effective information sharing between parents, schools and local authorities who have a statutory function to make arrangements to identify, as far as it is possible to do so, children missing education (CME).

We will monitor unauthorised absences and take appropriate action including notifying the local authority particularly where children go missing on repeat occasions and/or are missing for periods during the school day in conjunction with the policy 'Children missing education: guidance for Headteacher's and Governing Bodies'.

Staff must be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.

Appendix C

Child Protection Records held within Settings

This section provides guidance to schools and other educational establishments on record keeping, to enable the designated member of staff with a responsibility for child protection to ensure that all child protection information and concerns are kept in an appropriate and useful manner.

Deficiencies in record keeping have been identified by several child death enquiries as a problem area that requires attention from all agencies.

Good record keeping is essential in safeguarding the welfare of children and young people, particularly with regards to children/young people who are subject to child protection plans or who are identified as vulnerable. For this reason, it is advisable to carry out a regular audit of all child protection information kept in school, to ensure that procedures are being followed correctly.

1. What kind of information should be recorded?

Any member of staff who has a concern about a child should make a written note. This must be passed on to the designated person, (although a personal copy may be kept in a secure place). The note should be timed, dated and signed, with your name printed alongside the signature.

Notes must be made as soon as possible and certainly within 24 hours of the incident giving rise to the concern. (This is important, in case the note is needed for submission to court). Notes do not have to be officially (or beautifully!) presented. The important thing is that they are:

- Factual
- Using a child's own words where possible
- A record of what you saw and heard

Professional opinions are acceptable but only if you state the facts or observations upon which your opinion is based.

If a referral is made to the Assessment Team or Thames Valley Police, Child Abuse Investigation Unit a written record of all concerns held should be sent and a copy of the referral should be kept by the school.

A record should be made of any information, including hearsay and 'nagging doubts', which give you cause for concern about a child. Much of this information may not appear to be very significant on its own, but it could contribute to a 'jigsaw' picture of abuse that should not be ignored. Remember no concern is too small.

Sometimes, things which seem to be insignificant or trivial at the time turn out to be vital pieces of information later.

If there has been no specific incident or information, make a written note. Try to identify what is really making you feel worried. Record these concerns on the same record of concern form for your records.

It is crucial that actions and outcomes are recorded on these forms, including any consultation that has been carried out with any other professionals.

2. How should notes and reports be made?

It is impossible to say, at the time of making a child protection note, who will eventually have access to it, or when. It may be consulted months or even years after it was written. Always bear in mind that someone who is a complete stranger to you and your school may need to read your record at some stage in the future.

Ideally, logs of incidents should be typed. If hand written, notes should be clearly legible and written in ink. All notes and reports must contain the following:

- Date of the incident
- Date and time of the record being made
- Name and date of birth of the child(ren) concerned
- A factual account of what happened, and the location where the incident took place (keeping it in the child's words)
- A note of any other people involved e.g. as witnesses
- Questions that the adult asked (remember do not ask leading questions)
- Action taken, and any future plans e.g. monitor and review
- Any other agencies informed:
 - Names,
 - Dates,
 - Times of anyone spoken to.
- Printed name of the person making the record
- Job title of the person making the record
- Signature (print name alongside)

The source of the information should be identified e.g. 'Mrs Bell, a midday supervisor, informed me that...' Or 'I saw John in the playground at break time...'

Information should be factual or based on fact. Record what you saw, heard etc. and try not to be vague or woolly (e.g. 'Jenny was crying and rocking' rather than 'Jenny was upset')

Opinion is acceptable provided that you can give some justification for holding it (e.g. 'Sam ran and hid under the table when his mother arrived to take him home and clung to me when I tried to get him out. He appeared to be frightened.')

Make a note of what you have done with the information (e.g. 'I consulted the Headteacher, Mr Wilson, and he said he would...')

Try to avoid specialist jargon (e.g. 'he is SAP') which someone from another agency would not necessarily understand, but write the information in full (School Action Plus)

Records and Reports for Child Protection Conferences

Reports prepared for Child Protection Conferences should focus on the child's:

- Educational Progress and Achievements
- Attendance
- Behaviour
- Participation
- Relationships with other children and young people
- Appearance, (where appropriate)
- Interaction with other children and adults

If relevant, reports should include what is known about the child's relationships with his or her family and the family structure. Reports should be objective and based on evidence. They should distinguish between fact, observation, allegation and opinion.

Schools should:

- Make reports available to the child's parents prior to the Child Protection Conference unless to do so would place the child at risk of significant harm

- Provide written reports to the Child Protection Conference
- Arrange for an appropriate person from the school to attend the Child Protection Conference

3. Where should child protection information be kept?

The child protection file should contain all reports, notes and correspondence referring to a child. This should be kept in one secure place e.g. a locked filing cabinet in the Designated Safeguarding Lead's office. Files on extended family members should be kept together and cross-referenced. This file should be kept separate to the child's educational school record.

A note or symbol (e.g. a blue star) should be placed on the cover of the school file for the child, indicating that there is a child protection file relating to the child. All staff who may need to consult the child's school file should be made aware what the symbol means, and whom to consult if they see it.

4. Who should have access to child protection information?

Access to the information on file should be on a need-to-know basis among the staff. This can only be decided on a case-by-case basis. The confidentiality of the child and family should be respected as far as possible, but the welfare of the child is paramount. It would be unlikely that every member of staff would need to know the details of a case. Generally speaking, the closer the day-to-day contact with the child, the more likely the need to know an outline of the case. The school report to the child protection conference should be shared with the parent(s) before the conference takes place. All information must be shared with Social Worker and/or Police and Health, as appropriate, where there is concern that a child is at risk of significant harm.

Child protection information should not ordinarily be shared with agencies other than these statutory agencies e.g. information should not be released to solicitors etc. Where such a request is made, it is best to seek further advice and guidance from the LADO team.

Child Protection records can be kept on computer and are exempt from the disclosure provisions of the Data Protection Act 1984. For manual records, the Education (School Records) Regulations 1989 exempt information relating to child abuse from the requirement of disclosure. However, in cases of alleged child abuse which come to court, the school may be required to provide its child protection records.

5. What should happen to the information when a child leaves the school/ How long should information be kept?

If the child is moving to another school, the complete child protection file should be sent, under separate cover from the regular school file. It should be marked 'Confidential, Addressee Only', and should go to the Head Teacher or designated safeguarding lead of the receiving school. Where a pupil of 16+ years is taking up a college place, the file should be sent to the designated safeguarding lead for the receiving college or further education establishment. All relevant information including nagging doubts should be shared.

Where a pupil leaves with no FE place identified, the file should be retained at the school until the child's 24th birthday. There is no need to keep a copy of material sent to a new school unless, at the discretion of the designated person, there are exceptional reasons for doing so.

The following form, copies onto school headed paper can be used to prove that a CP file has been passed on and accepted by the new setting:

School name:	
Child's name:	
Date:	Person transferring file:

By signing this form, I am confirming that I have received the safeguarding/CP file for the above named person who is now on role at our setting.

Print name:

Signature:

Copies of child protection information should be kept by the final school placement until the child's date of birth + 25 years.

Information of a child protection nature relating to an allegation against a member of staff, including where the allegation is unfounded, should be kept on a confidential file until the person's normal retirement age or 10 years from the date of the allegation, if that is longer.

6. Sharing Information with other Schools/Agencies

Conversations between designated personnel at different schools (e.g. sharing concerns or asking for information about sibling groups) are perfectly acceptable. Where possible, consent from parents should be sought before a conversation takes place. Any relevant child protection information coming to light should be carefully logged.

If a child protection file has been started for a child who then moves school, the entire contents of the file should be sent to the receiving school/college.

The information should be sent separately to the school file, in a sealed envelope to the Headteacher, marked 'Strictly Confidential'.

If a child moves without a forwarding address for home and school and no contact is received from a new school, the county's Missing Pupil Procedures should be followed.

Where a child is removed from roll to be educated at home, the school's child protection file should be copied to the Local Authority as soon as possible.

Remember:

- Monitor the child and record observations as factually as possible.
- A direct disclosure from a child or young person should be referred immediately to the appropriate social work team.

SAFER RECRUITMENT

The principles of Safer Recruitment are an essential foundation to establishing a safe environment for pupils, ensuring those unsuitable to work with children are identified and tackled before they become part of your school community.

KCSiE 2020 makes it a requirement for all education providers to have in place a Code of Conduct for support staff to understand acceptable boundaries to their behaviours both onsite and in their daily lives generally including their use of technology and social media.

This should be informed by the revised guidance offered by the Safer Recruitment Consortium - Sept 2015 (["Guidance for Safer Working Practice for staff working with children and vulnerable adults"](#)).

Pre-Employment Checks

Part Three of KCSiE 2020 clearly details the responsibilities held by schools for ensuring safer recruitment processes are in place and robustly adhered to.

RBWM Human Resources officers will support Head Teachers and governors through the safeguarding aspects of the recruitment process.

RBWM expects safer recruitment processes to be followed irrespective of who the candidate might be or what schools think you might know of the candidate. The Toolkit for Safer Recruitment in Schools is available on <http://schools.oxfordshire.gov.uk/cms/content/safer-recruitment-toolkit>.

The Single Central Record (SCR) of a school should provide an auditable means to evidence the principles of safer recruitment have been adhered to i.e. evidence of identity, DBS and Border Agency checks carried out, take-up of references, photographic ID, checks carried out on the Prohibited Orders list, etc. Schools should refer to the RBWM guidance on SCRs or seek support from the RBWM HR Manager.

When recruiting staff from abroad or who may have worked or qualified overseas, evidence must be retained of the checks carried out to ensure candidates from outside the EEC have a work or other visa for the UK and that, for all candidates, there are no safeguarding concerns in their country of origin or overseas work with children which might preclude the staff member from working with children.
